POWERFRAME

SNAP FRAMES TO THE NEXT POWER

North American release of the patented, innovative and cost-effective **PowerFrame.** The only Snap Frame on the market that can be loaded from any side.

3 popular aluminum anodized finishes –
SILVER, BLACK OR GOLD

Ideal for use in a variety of environments: in-store retail, exhibit, restaurants, corporate, institutions, manufacturing plants, public transit, homes, etc.

POWERFRAME
SnapFrames to the next power

Each injection molded corner key has 5 different holes which allow for more flexibility in mounting.

Can be easily assembled/disassembled without tools.

Accessories available for many different methods of mounting: Desktop, wall-mount, double-sided hanging, pegboard, slatwall, suction cup, magnetic, etc.

STYLES

PowerFrame SLIM

Slim 8mm reveal allows for a greater "visible area" showing off more of the poster and allowing for easy loading from any one side. Profile overlaps poster by only 0.27" (6.8mm) all around and offers 1" (25mm) overall off-the-wall depth. No other frame on the market is this discrete and user friendly. • Mitered corners • Extremely light-weight • Sizes up to 48" x 60" • Frame can be ordered with lockable option • Frames can also be easily connected to form 3, 4 ,5 or 6 sided towers • Accepts printed material up to 0.25" (6.5mm) thick.

PowerFrame WIDE

Front-loading, 30mm reveal with miter-cut corners. • Profile overlaps poster by 0.47" (12mm) all around • Offers overall 5/8" off-the-wall depth • Also offered in woodgrain finishes, Cherry, Mahogany and Muskoka • Sizes up to 60" x 72" • Accepts printed material up to 0.35" (9mm) thick.

PowerFrame PURE

Offers the same benefits as the PowerFrame Wide except its rounded corners offer an attractive, refined solution for your display needs. • Front-loading • Profile offers overall 5/8" (16mm) off the wall depth • Sizes up to 60" x 72" • Accepts printed material up to 0.35" (9mm) thick.

STANDARD SIZES.

5" X 7"	8.5" x 11"	8.5" x 14"	11" x 14"	11" x 17"
